SPRING 2009

COUNCIL THOUGHTS

Spring is definitely in the air! The days are staying light a little longer, fragrant blooms fill the air, and our new year is well under way. We had a fantastic TET Parade in Little Saigon on Saturday, January 31st

with our favorite mouse, MICKEY, as our Grand Marshall. We also had 97 entries, over 2,000 participants in the parade and a spectator crowd estimated at over 20,000! Whoa, that's quite a crowd!

We're getting ready to open our Splash Pad at Sigler Park for the Memorial Day weekend, so get ready for some really cool fun. We're very pleased to see so many children from all over town, coming to Sigler with family and friends to enjoy the Splash pad.

Take a look at the classes and programs being offered by Community Services and Recreation, sign up on-line, and enjoy yourself this Spring.

INTERNET ACCESS TO WESTMINSTER CITY COUNCIL MEETINGS.

Beginning this Spring, check the city's website at www.westminster-ca.gov for information about viewing live and archived City Council meetings. If you have Internet access, you can follow the meeting live with a video stream on your computer. You will also have access to an archive of recent City Council meetings if you are interested in viewing a particular meeting segment along with meeting agendas and minutes.

INSTRUCTOR SPOTLIGHT • JASEIDA MOJICA

Jaseida Mojica, owner and director of WESPAC, Westminster Performing Arts Center, is a true entrepreneur. It was her ambition to start a company that would showcase her talents and validate her work. Jaseida graduated with a B.S. in Biochemistry from the California State University in Fullerton and received a dance scholarship

from the Defore Foundation for the Arts. After receiving her certifications from the American Council on Exercise (ACE) and the American Heart Association (AHA) she taught and choreographed for several gyms, universities, schools, community centers and dance studios in Orange County from Brea to Lake Forest. It was then that she performed for Disney which gave her the opportunity to work with celebrities like Arnold Schwarzenegger, Maria Shriver and their kids. Jaseida has appeared in music videos and television, and choreographed for many professional actors, singers, dancers and corporations.

When Jaseida started WESPAC in 1999, she had no idea where it would lead because she had just graduated from the university and had left a job in the biochemistry field. She decided to move forward and completely dedicated herself to her life's work and passion in teaching children, teens and adults how to dance. Some of Jaseida's students have appeared in movies, television and music videos, while others have danced on tour with musicians, and others have gone on to receive dance scholarships.

WESPAC offers a variety of dance styles including hip hop, jazz, ballet, tap, hula, tumbling and belly dancing with competition and performing groups available by audition. All students get an opportunity to perform at the annual Westminster Rose Center recital and at the Orange County Fair. They also offer private lessons in salsa and swing as well as choreography for birthday parties, weddings, quinceañeras and sweet sixteens. Soon, they will be offering master classes. WESPAC invites you to learn to dance with them!

TRASH BINS IN PUBLIC VIEW....

Did you know that your trash bins must be stored outside of public view at all times other than the night prior to and the day of the regularly scheduled pick-up days in your neighborhood? WMC section 12.16.030 prescribes that no trash or other articles shall be placed in public view "... before 6:00 p.m. on the day before the scheduled pick-up day" and no later than "... 11:59 p.m. on the day the containers are emptied."

In an effort to keep our neighborhoods attractive, Code Enforcement personnel has been attaching trash bin hangers on those bins stored in violation with the City ordinance. This is our way of reaching out to the community to provide a friendly reminder of trash bin storage prior to the need for further enforcement. Everyone's cooperation is essential, so please be a courteous neighbor and store your trash bins appropriately.

VALUE OF TREES TO A COMMUNITY

The Tree Education Committee wants you to know that trees can add value to your home and help cool your home and neighborhood. The following are some facts that illustrate just how important trees are to a community.

Fact 1: Trees properly placed around buildings can reduce air conditioning needs by 30 percent and can save 20-50 percent in energy use for heating (US Forest Service).

Fact 2: Trees can be a stimulus to economic development, helping to attract new business and tourism (National Arbor Day Foundation).

Fact 3: The net cooling effect of a young, healthy tree is equivalent to ten room size air conditioners operating 20 hours a day (US Department of Agriculture).

Fact 4: Landscaping, especially with trees, can increase property values as much as 20 percent (Management Info Systems/ICMA)

Fact 5: The planting of trees means improved water quality resulting in less runoff and erosion (US Forest Service).

WESTMINSTER ARBOR DAY SATURDAY, APRIL 18, 2009

The Tree Education Committee invites you to participate in the City's annual Arbor Day celebration which will take place on Saturday, April 18, 2009. The event will be held at the Civic Center from 8:30am to 11:30am. There will be a tree planting demonstration as well as several trees planted in local neighborhoods. Additionally, information will be available on proper tree selection, maintenance, and water conservation techniques.

PARKWAY TREE PLANTING PROGRAMS

The City of Westminster has several programs to help you, your neighbors, or your customers to offset the cost of planting trees. The first program for interested residents and business owners who want a tree in their parkway is to purchase the designated tree and root barrier for \$50.00 per tree. To request that a tree be planted, please send a check in the amount of \$50.00 to the City of Westminster, Attention Virginia Price, 8200 Westminster Boulevard, Westminster, CA 92683. Please include your address and phone number. The City's tree contractor will plant the tree, which will take approximately four to six weeks for planting.

The second program for planting trees is available by petition to replant an entire street segment. The petition process consists of one resident or business owner obtaining the form for signatures and then contacting the other residents or businesses on the street segment to determine how many would like a tree planted in the parkway in front of their home or business. To obtain the form, contact Pete Quinn, Maintenance Superintendent, at 714/895-2876, ext. 6208. He will also provide the list of acceptable tree species to pick for planting. The City's tree contractor will plant the trees.

The third program offered is the Tree Voucher. If you are willing to provide the labor, the City will provide the tree and the root barrier. Please contact Pete Quinn at 714/895-2876, ext. 6208 to schedule a time to visit the City Corporation Yard and obtain the voucher so that you can pick up the free tree at a local nursery.

Additionally, we offer the "How to Plant Trees" brochure, which is available at City Hall and the City Yard. Please remember that while the City will keep the tree trimmed, the homeowner or business owner is responsible for watering the tree.

ORANGE COUNTY FIRE AUTHORITY

CANDLE SAFETY

People have safely enjoyed using candles for centuries. Their colors and scents enhance everyday life and evoke memories of special events. Candles are a source of light and delight when used properly and according to manufacturers' directions. However, if certain precautions are not taken by the consumer, candles can also become a factor in a chain of events that can result in unnecessary injury and even death.

The United States Fire Administration (USFA) currently estimates that candles are responsible for approximately 15,600 residential structure fires each year and cause 1,270 civilian injuries, 150 fatalities, and \$539 million in property losses. December is the peak month for candle fires and Christmas is the peak day.

The USFA's National Fire Incident Reporting System, and the National Fire Protection Agency, suggest that candle fire incidents occur most often in the bedroom (40%); followed by the living room, family room or den (17%); the bathroom (14%); the kitchen (8%); 3% started unclassified function areas; and 3% started in dining rooms or bar areas. Most candle fire incidents are found to be due to consumer inattention to basic fire safety or to the misuse of candles. Nearly 50 percent of residential candle fires reportedly occurred because a combustible item was placed too close to the candle. In addition, nearly 18 percent occurred because candles were unattended, abandoned or inadequately controlled.

The Consumer Product Safety Commission has issued 30 recalls of nearly 5.4 million candles or candleholders since 1993. These recalls have been because the candle flame burns several inches above the candle or candleholder, which themselves are flammable.

Candle Safety Tips

- Keep candles at least 12 inches from anything that can burn.
- Use sturdy, safe candleholders.
- Never leave a burning candle unattended.
- Extinguish candles when you leave a room.
- Be careful not to splatter wax when extinguishing a candle.
- Avoid using candles in bedrooms and sleeping areas.
- Always use a flashlight, not a candle, for emergency lighting.
- Consider using battery-operated flameless candles.

Candles and Children

- Keep candles up high out of reach of children.
- Never leave a child unattended in a room with a candle.
- A child should not sleep in a room with a lit candle.
- Don't allow children or teens to have candles in their bedrooms.

During Power Outages

- Use a flashlight instead of a candle whenever possible.
- Avoid carrying a lit candle.
- Don't use a lit candle when searching for items in a confined space.
- Never use a candle for a light when checking pilot lights or fueling equipment such as a kerosene heater or lantern. The flame may ignite the fumes.

Candle Usage Tips

- Recommended burning time is one hour per inch diameter of the candle.
- Hold your finger in front of the flame as you blow the candle out. The air will flow around your finger and extinguish the candle from both sides. This prevents any hot wax from splattering.
- Keep wax pool free of wick trimmings and debris.
